## THE CONSTITUTION OF KENYA

## THE COUNTY GOVERNMENTS ACT

(No. 17 of 2012)

## COUNTY GOVERNMENT OF KILIFI

## THE KILIFI COUNTY ANTI-GENDER BASED VIOLENCE POLICY

PURSUANT to Sections 36 and 46 of the County Governments Act, 2012, the functions of the County Executive Committee, in respect to performance of its functions inter alia, is to determine its program and activities. The County Executive Committee Member for Gender, Youth, Sports, and Social Services has formulated this policy on gender-based violence whose aim is to provide a framework for the prevention, response, and elimination of Gender-Based Violence in Kilifi County.

## INTRODUCTION

In line with the provisions of the County Governments Act, 2012, the County Government of Kilifi has developed the Kilifi County Anti-Gender Based Violence (GBV) Policy 2024-2028. The Policy provides a comprehensive framework for the prevention, response, and elimination of Gender-Based Violence in Kilifi County. The Policy is a framework for addressing the multifaceted challenges of GBV within the county. It aims to create a society where all individuals, particularly the most vulnerable, can live free from the threat of violence. The policy is built on six pillars: Legal and Policy Framework, Prevention and Awareness, Support for Victims, Capacity Building and Coordination, Economic Empowerment, and Research and Data Collection which provide a roadmap for achieving a safer and more equitable society.

## BACKGROUND

GBV in Kilifi County is a multifaceted challenge, significantly impacting individuals and hindering socio-economic development. High rates of physical and sexual violence, harmful cultural practices such as child marriage and incest, and increased vulnerability for special interest groups like the elderly and persons with disabilities are prevalent issues. Despite existing measures, gaps persist in prevention, response, and recovery mechanisms. Protection and access to justice are limited, with weak enforcement and low community trust. Emerging trends, like climate change, further exacerbate GBV risks. Data collection and policy implementation also face challenges, hindering effective response.

## SCOPE AND RATIONALE

The County recognizes the urgent need to address the pervasive and detrimental effects of GBV limiting the overall socio-economic development of the county. The causes and generational perpetuation of GBV necessitate sustained intervention. The Policy provides a framework for prioritizing evidence-based and accountable interventions. It integrates the efforts of various state and non-state actors to accelerate the total elimination of GBV.

This policy guides all future decisions and processes in Kilifi County to effectively address GBV across all sectors and regions, prioritizing vulnerable and special interest groups. By integrating GBV considerations into programs and services of sectors, the policy strives to create a safer and more equitable County through a coordinated, well-resourced, and evidence-based approach.

## POLICY AND LEGAL CONTEXT

The policy is anchored in the Constitution of Kenya (2010), which enshrines the right to equality and freedom from discrimination. National legislation, including the Sexual Offences Act (2006), Protection Against Domestic Violence Act (2015), Prohibition of Female Genital Mutilation Act (2011), and the Children Act (2022), criminalizes various forms of GBV and provides protection and support services for victims. The National Policy for Prevention and Response to Gender-Based Violence (2014) outlines the agenda for gender equality and guides the integration of GBV prevention into national and county-level policies and programs. At the County level, the Kilifi County Integrated Development Plan (CIDP) 2023-2027 integrates GBV prevention and response into the County's overall development strategy.

## POLICY VISION

A County free from all forms of gender-based violence, where every individual enjoys equal rights, dignity, and opportunities in a safe and supportive environment.

## POLICY MISSION

To accelerate efforts towards the elimination of gender-based violence in Kilifi County by enhancing legal frameworks, promoting gender equality, providing comprehensive victim-centred support services and engaging communities to prevent violence.

## POLICY OBJECTIVES

- (i) Strengthen and enforce legal frameworks towards GBV prevention and response.
- (ii) Strengthen awareness of gender-based violence and promote gender equality.
- (iii) Enhance access to quality and comprehensive support services across sectors.
- (iv) Facilitate a co-ordinated approach in addressing GBV and to ensure effective programming.
- (v) Promote economic empowerment programs for special interest groups, women, and persons with disabilities to reduce dependency and vulnerability to gender-based violence.
- (vi) Establish a data management system to track GBV cases and inform evidence-based policies and interventions.

## POLICY GUIDING PRINCIPLES

The Policy is grounded in principles that prioritize equality, ensuring all individuals are treated with respect and have equal access

to services and justice, regardless of their background. The policy champions a victim-centered approach, where the safety and well-being of survivors are paramount in all interventions. Recognizing the importance of community ownership, the policy emphasizes community involvement in every stage of GBV program development and implementation. To ensure transparency and build trust, the policy advocates for open communication and regular sharing of information about GBV initiatives and their impact. The policy is committed to evidence-based practices, using data and research to inform interventions and adapt them to the specific needs of affected populations. To provide comprehensive support and coordinated prevention strategies, the policy stresses the importance of multi-sectoral collaboration, bringing together health, justice, education, and social services. Finally, the policy is committed to sustainability, ensuring long-term strategies and resource allocation for continued effectiveness in preventing and responding to GBV.
